LVL Lash Aftercare

Our LVL Lash Lift is a low maintenance treatment meaning you don't need to return to the clinic after your treatment.

AFTER YOUR LVL TREATMENT:

- For the first 24 hours after your treatment it's important not to allow water to come in to contact with your lashes.
- For 2 days afterwards do not steam your face, use a steam bath, swim or wash your face with excessively hot water.
- Do not use waterproof mascara.
- Use oil free make-up remover if mascara is worn (only use a water-based mascara).
- Don't rub your eyes when washing your face - always pat the lashes dry after cleansing.
- Ensure lashes are not manipulated into different positions (e.g. when sleeping, cleansing the face, applying moisturiser or cosmetics)
- If you're in any doubt, please ask for expert advice on how best to look after your LVL lashes.
